StreamNovo

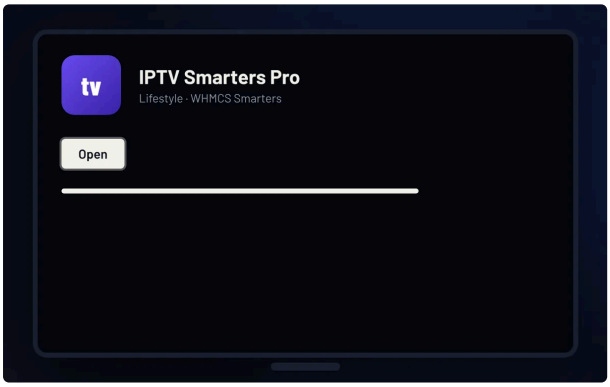

SETUP GUIDE · IPTV SMARTERS · SAMSUNG SMART TV

SET UP IPTV SMARTERS ON SAMSUNG SMART TV

3 steps · about 10 minutes

Before you start

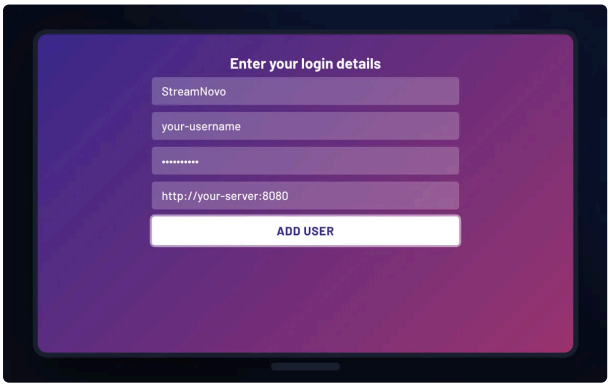

- Your StreamNovo login: **server URL, username and password**, or your M3U link
- Your Samsung Smart TV, connected to the internet
- About 10 minutes

Step 1 of 3

Install the app

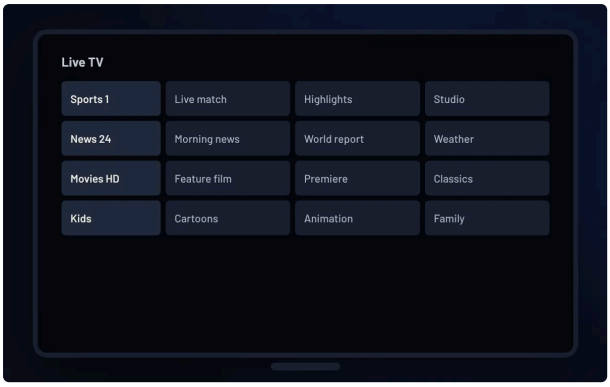

Open **Apps** on your Samsung TV, search for **IPTV Smarters Pro**, select **Install**, then **Open**.

Step 2 of 3

Add your StreamNovo login

Choose **Login with Xtream Codes API**, then enter a name, the **username, password and server URL** from your StreamNovo email.

Step 3 of 3

Start watching

Open **Live TV**. Movies and Series are there too.

Good to know

- Availability in the Samsung store depends on your country and TV model. If you can't find the app, tell us your model and we'll suggest another player.
- IPTV Smarters is a player: it doesn't include any channels. Your channels come from your StreamNovo subscription.
