StreamNovo

SETUP GUIDE · OTT NAVIGATOR · ANDROID TV AND GOOGLE TV

SET UP OTT NAVIGATOR ON ANDROID TV

3 steps · about 5 minutes

Before you start

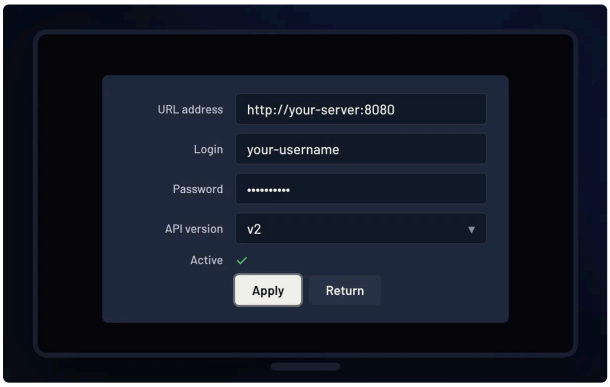

- Your StreamNovo login: **server URL, username and password**, or your M3U link
- Your Android TV and Google TV, connected to the internet
- About 5 minutes

Step 1 of 3

Install OTT Navigator

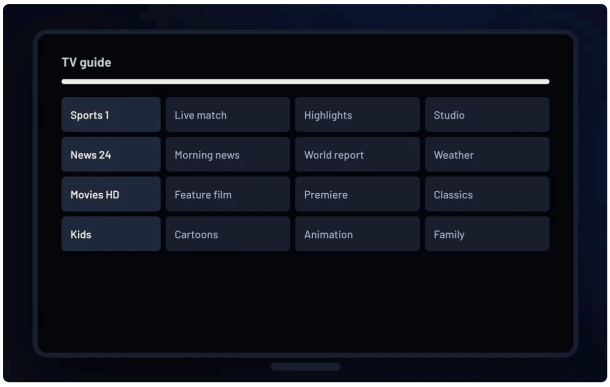

Open **Google Play** on your TV, search for **OTT Navigator**, select **Install**, then **Open**.

Step 2 of 3

Add your StreamNovo login

Select **Configure provider › Generic middleware server › Xtream Codes**, enter the **URL, login and password** from your email, then **Apply**.

Step 3 of 3

Start watching

Your channels and TV guide load in a minute or two.

Good to know

- Prefer your M3U link? In Add provider, choose Playlist instead of Generic middleware server and paste the link.
